Curious and driven by a passion for continuous learning, I possess a diverse educational and professional background spanning life science, pharmaceuticals, data science, as well as programming and web development. Currently looking for a collaborative work environment where I can use my problem-solving skills and contribute to the development of meaningful solutions.

## EDUCATION

**Front-End Web Development Bootcamp** 2023  
**Overall grade: 99.95%**  
**Trilogy Skills Bootcamp - London, UK**

- HTML5, CSS3, Bootstrap, Material UI
- JavaScript ES6, JQuery, Node.js, React
- Git and GitHub
- **Group projects:** I worked with 2 different teams employing Agile methodologies to create 2 responsive web applications using JavaScript each interfacing with an API. A poetry app which allows users to browse poems by author, title, and lines, as well as document and save their reflections on the poems in a poetry journal. And, a fitness app which allows users to browse different exercises by body part, equipment and target muscle, displaying them in a gif image to show the user how to practice.

**Master's degree in Data Science with Merit** 2022  
**Birkbeck College, University of London - UK**

- **Principles of Programming:** Python, Java, Object Oriented Programming (OOP), Test Driven Development (TDD) (unit testing)
- **Programming with Data:** Relational Data Model, SQL language for data manipulation/querying in-memory databases and No-SQL data repositories, Optimization, Scalability and intractability
- **Fundamentals of Computing:** Data structures and algorithms
- **Cloud Computing:** Linux and Command Line Interface (CLI), RESTful service using Django, Authorization protocols (OAuth v2), Containerisation (Docker, Kubernetes), deployment of Virtual Machines (VM) with Google Cloud Platform (GCP)
- **Project:** A web app to help Healthcare Professionals mitigate the impact of Adverse Drug Reactions, developed in Python using Django and the OpenFDA API.

**Bachelor's degree in Physiology and Functional Genomics with 2:1** 2020  
**Aix-Marseille University - Marseille, France**

**Languages**  
English, French (native)
